| C10/26 - DECLARATION OF CONFORMITY for power-generating units GLV ed2.1.2 (12/2019) | | | |
| for the application of annex D "Technical basic requirements regarding the power-generation units" of the Synergrid prescription C10/11 ed2.1 (01/09/2019) | | | |

| | | | | |
|------------------|---------------|-------------------------------------------------------|-----------------|------------------------------------------------------------------------|
| The undersigned, | Manufacturer: | Autarco Group B.V. | Represented by: | Fleur Leloup |
| | Address: | Torenallee 20 5617 BC Eindhoven The Netherlands | Country: | The Netherlands |
| | | | email: | fleur.leloup@autarco.com |
| | | | Telephone: | 0031-853031342 |

Hereby declares that each production unit completed in the list in tab 'list of power-generating units' of this homologation application complies with the following conditions:

- The power-generating unit complies with the relevant requirements set out in annex D "Technical basic requirements regarding the power-generation units" of the Synergrid prescription C10/11 ed2.1 (01/09/2019).
- In order to substantiate this, a separate technical file has been submitted at least for each separate product series of the 'C10/26 list of power-generating units' of this homologation application. Each technical file shall be drawn up on the basis of a checklist Annex D, duly and correctly completed by the manufacturer, accompanied by all the required proof of conformity.

2.1 For technical requirements for which the required proof of conformity (column J in checklist annex D) is a declaration of honour by the manufacturer, the manufacturer declares by signing and dating this declaration of conformity the correctness of the information (conform / not conform / not applicable) provided by him or her in columns K, L and M of this checklist.

2.2. For technical requirements for which the required proof of conformity (column J in checklist Annex D) is a test report or a certificate, the necessary test reports and/or certificates are available * in the technical file:

- Certificates have been issued by an EN 45011 (or ISO 17065:2012) certification body accredited for these materials.
- Test reports have been established by an ISO 17025:2005 or ISO 17065:2012 laboratory accredited for these tests.

2.3 A list of the document references or the certificates of conformity referred to in the checklist Annex D is also available in the technical file.

* Transition period till 01/05/2020 (see exceptions in chapter 3 of C10/11 ed 2.1 (01/09/2019)):

If at the time of submission of this homologation application it is not yet possible to submit all the necessary certificates and/or test reports (exception 3), or that the units do not yet have all the required characteristics (exceptions 1 and 2), a **temporary homologation** may be granted. All necessary certificates and/or test reports must be in the possession of Synergrid at the latest on 30/04/2020 in order to obtain a final homologation. If this is not the case, the temporary C10/26 homologation will be withdrawn.

|----|------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 12 | Limitations | These columns specify limitations of the units to their application in certain types of installations, in accordance with the information in the checklist in annex D and the corresponding technical file Put an "X" to each relevant limitation |
| 13 | Application | Indicate the applications for which the unit is suitable. Include an "X" with each application for which the unit can be used |
| 14 | Synergrid approval date Temporary homologation (expires on 01/05/2020) | Date on which the submitted homologation file was approved by Synergrid for a limited period of time A temporary homologation is granted if the applicant invokes exceptions in chapter 3 of C10/11 ed2.1 (01/09/2019) and has not yet submitted all the test reports required for a definitive homologation with his homologation application (exception 3), or if the units do not yet have all the required properties (exceptions 1 and 2) The expiry date for a temporary homologation is 01/05/2020 - see conditions in chapter 3 of C10/11 ed.2.1 (01/09/2019) |
| 15 | Synergrid approval date Final homologation | Date on which the submitted homologation file was definitively approved by Synergrid - A final approval will be granted as soon as Synergrid has a fully compliant homologation dossier - A final homologation only remains valid under the following conditions - No changes that have an influence on the initial approval are made to (the production of) the units - There is no new edition of prescription C10/11 - The validity date of the test reports in the technical file submitted for approval has not been exceeded <small>(See also the general Synergrid procedure S1/01 for homologation of material, which is applicable. It)</small> |
