Flow

Symmetrical series

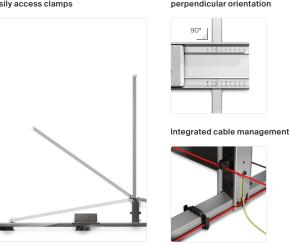

Autarco's Flow mounting system has been designed keeping an ease of installation in mind. It provides a sophisticated yet simple, quick but proper installation. Suitably designed for new generation of larger solar panels, it is ideal for large or small installations. Thanks to its smart and stable construction, it allows for ultra-fast assemblies whilst ensuring the solar panels are safely supported.

- 10-year product warranty
- Landscape orientation
- One tool required for installation
- Install up till 5 degree surface inclination
- Suitable for situations with high wind and snow loads
- Automatic potential equalisation (NEN1010)
- Linked fields up to 50 metres possible
- Pre-assembled components with fewer packaging materials

Easy to set up in

Fastenings

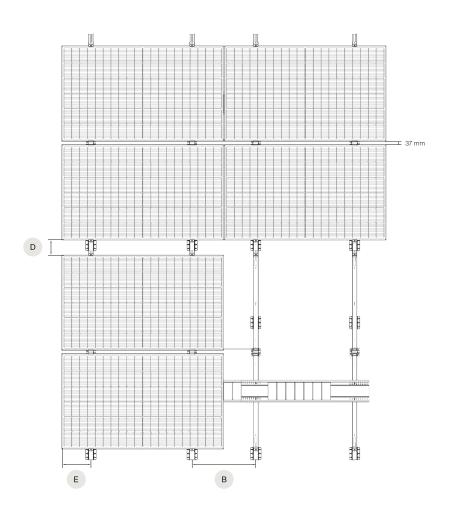

1	Top clamp	M3.FTC
2	Bottom clamp	M3.FBC
#	Short screw	M3.MSS

Optional components

Sizing tool M3.FST-1560

System components

3	Base assembly (with connector)	M3.FBS-2300/2460/2785
4	Ballast plate	M3.FBP-1508
5	Ballast connector	M3.FBC-1130
6	Connector plate	M3.FCP-750/1050
