

Silverpoint Solar Panel Limited Warranties of Autarco Group BV

Autarco Group BV (hereafter “Autarco”) guarantees that its solar panels are designed and manufactured for a long life span and provides the following limited warranties:

1. Limited Product Warranty – 10 year repair, replace or refund remedy

- 1.1. Subject to listed Exclusions and Limitations, Autarco warrants its photovoltaic including factory assembled glass, cells, films, frame, electric components, connection boxes, plugs and wires, if any, to be free from defects in materials and workmanship under normal application, operating conditions, use, installation, and maintenance for a period of ten (10) years from the shipment date of the panels (Warranty Start Date). If a panel malfunctions or becomes inoperative due to a defect in workmanship or material during the ten year period of this warranty, Autarco will, at its sole discretion, repair or replace the panel, or refund the purchase price according to the type of defect. The repair, replacement or refund remedies are the only and exclusive remedy provided under this Limited Warranty.
- 1.2. “Material or workmanship defects” are defined per IEC 61215 Clause 7, IEC 61215 Clause 10.1. Like all materials exposed to different environmental conditions, components of panels are subject to natural degradation (aging) and their appearance may change within the warranty period.

2. Limited Power Output Warranty – 30 year limited remedy

- 2.1. Subject to listed Exclusions and Limitations, Autarco warrants that panels under normal application, use, installation and service condition as specified in Autarco’s “Solar Panel installation manual” will;
 - a) Exhibit a power output no less than 97% of the nominal peak power specified on the respective datasheet and panel label at Standard Test Conditions (STC) within the first year from the warranty start date.
 - b) Exhibit a power output that declines by no more than 0.7% per year of the nominal peak power specified on the respective datasheet and panel label at STC.
 - c) Consequently, at the end of the 25th year from the “warranty start date”, the panels will still produce a power output of at least 80.7% based on the stated nominal output at STC.
- 2.2. For the above such loss in power measured by Autarco facility or the 3rd party testing institute recognized by both sides, it is determined by Autarco (at its sole and absolute discretion) to be due to defects in material or workmanship, is eligible for claim under this Limited Warranty. Autarco will remedy such loss in power by either providing additional

panels to the customer to make up for such loss in power, or by repairing or replacing the defective panels at the discretion of Autarco.

- 2.3. The remedies set forth in this Clause 2 shall be the sole and exclusive remedies provided under the “Limited Power Output Warranty – 30 year limited remedy”.
- 2.4. Caution: Any power measurement mentioned herein shall be carried out in accordance with IEC 60904 and subjected to - a power measurement uncertainty of $\pm 3\%$.
