

autarco

Operations and Maintenance (O&M)

The O&M support of Autarco is aimed at extending the life and increasing the yield of your solar system. Our dealers have already installed thousands of Autarco solar systems on rooftops worldwide and have extensive experience in proactively monitoring and managing these systems. Our approach minimizes downtime and results in maximum yield and profitability. Guaranteed by our unique kWh guarantee.

Keep on doing what you do best.
We'll do the rest.

Performance made certain

Autarco O&M

ADVANTAGES

- One point of contact for all your questions concerning product warranty, yield and monitoring.
- Experts specialized in Autarco solar systems and software.
- Quick and no-nonsense handling of warranty claims.

O&M PACKAGES

Autarco offers two different O&M packages. The Standard package covers all regular activities such as 24/7 monitoring and an annual inspection, while the Premium package completely takes care of everything for your customer and also covers unforeseen events such as corrective maintenance or cleansing of dirty panels.
